

Payment Process on The Hoodmen Website

1. User Login and Browsing Products

- Users must first log in to their account on [The Hoodmen](#).
- Once logged in, they can browse through the available products and select the ones they wish to purchase.

2. Initiating the Purchase

- After selecting a product, the user clicks on the "**Buy**" button.
- This action redirects the user to the **PayPal payment gateway** for completing the transaction.

3. Payment via PayPal

- The user is presented with two options:
 1. **Log in to PayPal:** If they already have a PayPal account, they can enter their credentials and proceed.
 2. **Register on PayPal:** If they do not have an account, they can sign up and provide the necessary details.
- The user is required to fill out the payment form, including billing and shipping details if necessary.
- Once all required information is filled in, the user confirms the payment.

4. Order Confirmation

- After successful payment, PayPal processes the transaction and redirects the user back to **The Hoodmen** website.

Note the background off process i cant show it because idont have access for code and database
